Online courses, trainings and digital products

Influencers and online retailers with niche products

## Meet our products

### iCard Two Clicks

- ✓ Online checkout
- ✓ iCard Merchant Portal
- ✓ Settlement to your preferred bank account

### iCard Two Clicks Plus

- ✓ Online checkout
- ✓ iCard Merchant Portal
- ✓ A settlement account in iCard for Business + many included features

## iCard Two Clicks

With iCard Two Clicks, you get an **internet payment gateway** and access to a **real-time monitoring platform** which gives you a complete overview and control of all acquiring activities.

The money from your accepted payments gets settled in your preferred bank account.

## Why an online checkout from iCard?

iCard Direct is a leading payment solution from acquiring and payment processing, to risk management and fraud prevention.

iCard Direct checkout is designed with online retailers in mind – it's a ready-to-go payment page, perfect for e-commerce businesses looking to get up and running quickly.

- ✓ Effortless payment acceptance
- ✓ Secure transactions
- ✓ Complete overview and control of all acquiring activities via a special web platform

A screenshot of an online checkout form. At the top right, a white box displays 'Total to pay: 100.00 EUR'. Below this, another white box shows 'Order No: iCard-386004-44' and 'Merchant: Your Online Shop'. The main form area contains fields for 'Card Number' (4000 1234 5678 9010), 'Exp. Date' (MM/YY), 'CVC', and 'Cardholder Name'. There is a checkbox for 'Save card for future payments' which is checked. A large green button at the bottom is labeled 'Pay Now'.

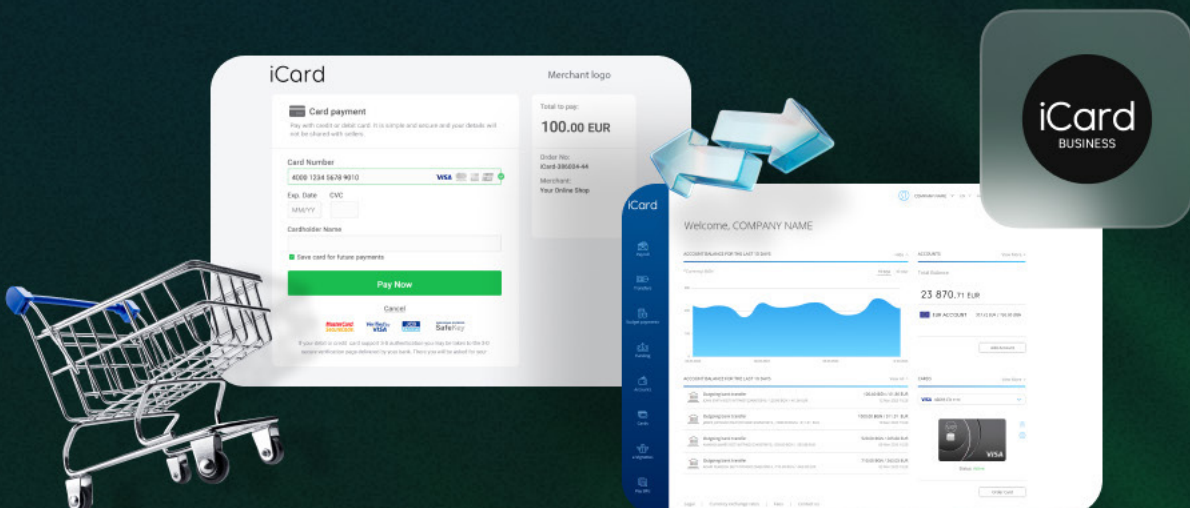

# Advantages

- ✓ Highly competitive transaction fees
- ✓ Dedicated merchant support
- ✓ No setup or monthly fees
- ✓ Comprehensive management dashboard
- ✓ Seamless API integration
  
- ✓ 24/7 support
- ✓ Multicurrency settlement
- ✓ Disputed payments handling
- ✓ Fraud detection and prevention system
- ✓ 3D Secured technology for cardholder authentication

## iCard Two Clicks Plus

With iCard Two Clicks Plus, you get everything from iCard Two Clicks (an internet payment gateway, and a real-time monitoring platform), together with an account in iCard for Business, featuring all the tools you need to optimize your business expenses and manage your finances.

# iCard for Business account

iCard for Business provides a more convenient alternative to conventional banking with an online e-money business account with European IBANs, debit cards, expense cards for employees, instant transfers, and many more features that will help you take your business to the next level.

Opening an account is free and allows you to seamlessly receive money from your sales.

## Features of the iCard for Business account

### **E-money business accounts**

with European IBANs in multiple currencies

### **Payment requests via links**

Accept instant card payments for any products and services

### **Quick and convenient settlement**

Receive payouts of accepted card payments directly in your business account

### **Expense cards for employees**

Prepaid debit cards with separate budgets for your employees as your business grows

### **SEPA & SEPA Instant transfers**

Send and receive money in EUR under 10 seconds with SEPA Instant\*

### **24/7 online access**

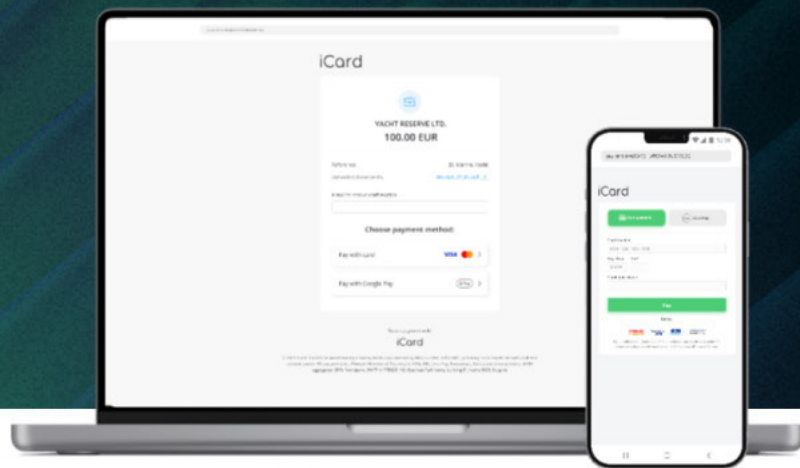

Manage your funds from any device – laptop, smartphone, or tablet

\* The receiver's bank also has to support SEPA Instant transfers

# Take advantage of payment links

A payment link is an easy way to accept card payments, even without a POS terminal or an online store.

Simply generate a payment link via the iCard for Business online platform and send it to a client via SMS, e-mail or chat. The link will redirect them to a secure page where they can complete the card payment. The money will be credited to your account immediately.

## More great features to help you take control of your finances

Enjoy custom limits on your accounts

Take advantage of preferential prices with the POS bundle

Set up recurring & mass transfers, direct debits & more

Get free detailed reports & statements with just a few clicks
